## LINING OUT EVERGREENS

Our pot grown evergreens are plunged in sand outside in frames and are therefore well hardened.

1 yr. refers to a growing season.

2 yr. means plants were outside two seasons.

We use 2<sup>1</sup>/<sub>4</sub>" rose pots for most items.

We use 2¼" rose pots for most	items

### **EVERGREEN GRAFTS**

The following list of varieties we graft each year. Others may be added if desired, and scions are available or furnished. We have stock plants of many varieties not listed below.

Junipers are grafted upon Juniper understocks only, mostly virginiana. We use 2½" deep rose pots for most understocks. Other varieties are on related understocks only.
